YOUR ESSENTIAL CATERING & CLEANING SUPPLIER

## With a highly trained and professional services team we can manage your waste service requirements.

We understand the necessity of hygiene as well as the responsibilities of our clients we never compromise that relationship, so whether you require clinical waste disposal, water treatments or sanitary hygiene waste disposal speak to Pattersons first.

Discretion is assured at all times and an in-depth report of completed procedures and any recommendations are provided, to ensure that legislation is being adhered to, as well as minimising any risks, thus protecting the integrity of your business and more importantly your brand.

### Sanitary Hygiene Waste Disposal

It is a legal requirement to supply adequate hygiene facilities. With our discrete waste removal service, hands free systems, and fully compliant duty of care notice you can be assured that you are fully compliant.

### 4 Weekly Service Call As Standard

Certain service companies offer 8 service calls as standard and will charge extra for a regular service call. Our fully trained service technicians are on site every four weeks as standard at no extra cost.

### Vending

We can provide your company with a full range of vending services including feminine hygiene, condoms, tampons, sanitary towels and nappies. We can restock these items to meet your requirements.

### Water Management

By installing a water management system you can drastically reduce your water costs and reduce the environmental impact of your business. Our technology is state of the art and can be fully programmed.

### Odour Control

By identifying the cause of your odour issue we can support you with air care or enzyme treatments to reduce the smell by removing the source.

### Enzyme Treatments

Bacteria can be good especially in the treatment of Uric Acids which is the main cause of malodours in the gents toilets but can be an issue in the ladies loos too!

### Training

Pattersons can offer a full range of in depth training courses for your employees including the identification of potential hazards around the washroom areas and the specific cleaning regimes required to minimise the spread of

### Baby Changing Services

We have a full range of products and services to ensure that you can accommodate parents and children's needs from changing tables to disposal systems. For more information on what we can offer visit [www.toyguard.co.uk](http://www.toyguard.co.uk).

### Clinical Waste Disposal

Larger quantities of clinical waste can be dealt with through varying collection units. Collection schedules are dependent on your requirements and everything is backed up with an emergency call out service and no hidden charges.

### Registered Waste Carriers

Our Service organisation is Registered with the Environment agency and will provide all the necessary advice and paperwork your business requires. Our philosophy is simple - to provide a great service, competitively priced with minimal impact on the environment.
