

Suma Lima

Liquid mechanical ware washing detergent for medium / hard water

L3

Description

Suma Lima L3 is a highly alkaline mechanical ware washing detergent specially formulated to provide excellent soil removal in medium hard and hard water conditions.

Key properties

Suma Lima L3 is a chlorinated, highly alkaline liquid detergent which is suitable for use in a wide range of single and multi-tank ware washing machines. It contains caustic alkali and chlorine bleach, which will provide excellent removal of fats, dried on foods and stains. A special blend of scale inhibitors and sequestrants makes this product suitable for medium hard to hard water conditions.

Benefits

- Intensive cleaning action to rapidly remove fats, starch and proteins
- Highly concentrated formulation gives greater economy in use
- Effective removal of tannin stains
- Special ingredients prevent rapid scaling of the dish wash machine in hard water conditions

Use instructions

Suma Lima L3 is normally applied using Diversey automatic dispensing equipment and is suitable for use in a wide range of single and multi-tank ware washing machines. To ensure perfect cleaning results, dose at a concentration of 2 - 5 g/litre, depending on local site conditions. The product can be used for water containing up to 350 ppm CaCO₃.

Water hardness ppm CaCO ₃	Dosage in g/L
125 - 220ppm	2.0 – 3.0
220 - 300	3.0 – 4.0
> 300	4.5

At first use, rinse pump and transport tubes of the dosing system to avoid possible crystallisation in these tubes caused by mixing of products.

Technical data

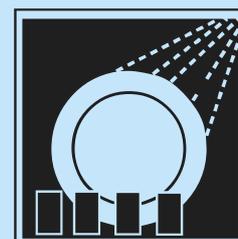

Appearance	clear liquid
pH (1% solution)	13.0
Relative density (20 °C)	1.26

These figures are typical values and should not be interpreted as specifications.

Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Material Safety Data Sheet.

Store in original container. Avoid extremes of temperature and exposure to sunlight.

Suma Lima

Product compatibility

Under recommended conditions of use, **Suma Lima** L3 is suitable for use on most materials commonly encountered in the kitchen. Do not however use on alkali sensitive items such as copper, brass, aluminium or rubber.
