

Clear Dry HDP HIGHLY CONCENTRATED RINSE ADDITIVE FOR DIFFICULT WATER CONDITIONS

- **CLEAN** - sparkling clean results especially in difficult water conditions · reduces lime built-up in the rinse zone · the automatic empty signal warns when the jug is empty to ensure no out of product operating of the machine to keep hygienic and clean results
- **SAFE** - special ingredients ensure fast drying of tableware and leave no moisture which minimizes the risk of bacterial growth · the plastic pack is easy to rework, thus protects our environment
- **EFFICIENT** - special de-foaming surfactant system increases dish washing machine efficiency · speeds up drying on all tableware · the highly concentrated formula allows the convenient 5l packaging format and gives very low in-use cost and saves time and space

USE INSTRUCTIONS

FOR USE WITH ECOLAB DOSING UNIT

Your Ecolab specialist will adjust the dosing system for your specific cleaning needs.

- 1 Check hygiene plan, product label for detailed use information
- 2 Wear suitable protective clothing when handling the product
- 3 If the alarm sounds, stop the machine
- 4 Carefully take out the suction pipe. Unscrew closure from the new jug, insert the suction pipe and place the jug back in the jug holder

If no alarm is installed, check rinse additive level daily and change bottles when necessary
