- Cuts through tough grease.
- Non-tainting; contains neither perfume nor dye.
- Effective in all water conditions.
- Safe to use on most kitchen surfaces.
- Economical in use.

Technical information

Appearance: White Powder

Smell: Unperfumed

pH (10%): ca. 10.5

Relative density: ca. 0.4 g/ml

Water solubility: High

Usage Instructions

For cleaning floors, walls, work surfaces and equipment - Dose 1 scoop (85g) in 10L water. Clean surfaces with cloth or immerse utensils in the cleaning solution. Rinse.

For cleaning fat fryers - Switch off equipment, cool down to room temperature and empty oil. Fill fryer up to 2/3 with hot water - dose half a scoop (42.5 g) in the fryer. Heat to 80°C for 30-60 minutes. Do not allow to boil over. Empty and rinse carefully with water.

For washing up pots, pans, tableware, kitchen utensils and hoods - Dose 1.5 scoop (127.5g) in 50L sink, filled with hand hot water. Wash items. Rinse well.

Usage Aids

Manual dosing scoop, tub in Polypropylene

Safety and First Aid Measures

This product is not classified as hazardous

Eye contact:

In case of contact with eyes, rinse thoroughly with plenty of water for several minutes. If symptoms persist, seek medical advice.

Skin contact:

Rinse affected area thoroughly with water. If needed apply cold compress to relieve irritation. If symptoms persist, seek medical advice.

Ingestion:

In case of ingestion, drink water to dilute product. Do not induce vomiting. Act immediately to prevent further irritation. If symptoms persist, seek medical advice.

Inhalation:

Go into open air and ventilate suspected area. If irritation is experienced, mouth and throat should be rinsed with water. Particles adhering to the nasal cavity may be rinsed/diluted with saline/plain water. If irritation or asthma-like symptoms persist, seek medical advice.

Safety data sheet available for professional user on request.
