multi-purpose cleaner

delphis
eco

Our EU Ecolabel accredited multi-purpose cleaner is a all-in-one cleaner specially developed to be tough on grease, dirt and stubborn soiling. It works brilliantly on all hard surfaces to leave them clean and shiny. Scan the QR code below for more info.

benefits

- ✓ for domestic and industrial use
- ✓ easily removes soiling
- ✓ safe on paint, aluminium, metal, glass, rubber
- ✓ effective in hard and soft water
- ✓ hot or cold pressure washers and scrubber dryer machines
- ✓ reduced impact on aquatic life
- ✓ reduced use of hazardous substances
- ✓ phosphate and phosphonate free
- ✓ safe in septic tanks if used as directed
- ✓ readily biodegradable
- ✓ not tested on animals

dilution ratios

Tested and effective, through certain applications, at a dilution ratio of up to 1:150. Dilute through 15ml dispensing unit for general cleaning.

General cleaning: 1 part concentrate to up to 50 parts water.
Light cleaning: 1 part concentrate to up to 80 parts water.
Heavy cleaning: 1 part concentrate to up to 10 parts water.

Proper dosage saves cost and minimises environmental impact: Delphis Eco encourage users to reduce waste going to land fill by re-filling empty trigger bottles with Multi-Purpose concentrate. Use the above dilution ratios for best results.

application and directions

Manual cleaning: Apply a small amount to a damp cloth and wipe surface. For heavy cleaning spray directly onto surface, leave to stand and wipe clean. For larger surface areas such as floors, use a mop and bucket.

Machine cleaning: Dilute up to 1:150 parts water via pressure washer or scrubber dryer machine. Adjust dilution to maximise results.

NB. For food preparation and storage surfaces rinse with water after cleaning.

areas of usage

Anywhere general soiling and grease is a problem, such as:

- floors, walls, tiles
- washrooms
- kitchen appliances
- stainless steel work surfaces
- food preparation areas
- polished surfaces
- worktops and desks
- soft furnishing – carpets and curtains
- garages, tools, vehicles and engines
- glass

technical data

Figures are typical values and should not be used as specifications

Appearance:	amber fluid
Odour:	bland
pH-neat:	12.5 typical conc / 11.5 typical RTU
Boiling Point:	100°C
Flammability:	non-flammable
Vapour Pressure:	water=18mm Hg
Water solubility:	totally soluble
Gravity @ 20C:	1.020 typical conc / 1.010 typical RTU
Freezing point:	0°C

safe handling and storage

Full guidance on the handling and safe storage of the product can be obtained from the safety data sheet including first aid measures and health and safety requirements.
