

Flypod® is the most effective, user friendly and stylish desk top flykiller available.

Flypod® incorporates several unique features to provide commercial effectiveness and domestic serviceability. Designed specifically to be quick and easy to service, Flypod® incorporates a patented* rear glueboard removal system, ensuring the user doesn't come into contact with dead flies or the sticky glueboard. Flypod® is designed for use with genuine GLUPAC™ pheromone impregnated glueboards, which incorporate UV stable dry glue for longer life and an increased catch.

Features:

Patented* rear glueboard removal

Provides ease of service for the user

Unique cone shaped body

Traps fly inside before catching it on the pheromone impregnated glueboard

Unique curved base

Sits flush to the desk top allowing flies to crawl up to the UV light source

High efficacy UV tube

Proven to be more effective and longer lasting than standard UV tubes

Innovative glueboard technology

Designed for use with GLUPAC™ pheromone impregnated glueboards with UV stabiliser

Tightly curved diffuser

The polypropylene diffuser distributes the UV light throughout 180° whilst discreetly hiding caught flies

Stylish design

With its stylish and compact design, Flypod discreetly fits in with any front of house or domestic environment

Complete peace of mind

One year guarantee (excluding tube)
