

# COSHH Product Risk Assessment

<b>Product Name:</b>
<b>Product Description:</b>
<b>Product Classification:</b> (in concentrate form)

<b>Into WC</b>
<b>Toilet Bowl Cleaner</b>
<b>Irritant</b> 

<b>Dilution:</b> Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>
<b>Protective Equipment Required:</b>

 Nitrile Latex free Gloves EN374 – Level 60 minutes
--

<b>Product Classification once diluted:</b>
---

Used undiluted
----------------

<b>First Aid Information:</b>
-------------------------------

Inhalation	Remove victim to fresh air and keep at rest in a position comfortable for breathing. If not breathing, if breathing is irregular or if respiratory arrest occurs, provide artificial respiration or oxygen by trained personnel. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation. Get medical attention if adverse health effects persist or are severe. If unconscious, place in recovery position and get medical attention immediately. Maintain an open airway. Loose tight clothing such as a collar, tie, belt of waistband.
Ingestion	Wash out mouth with water. Remove dentures if any. Remove victim to fresh air and keep at rest in a position comfortable for breathing. Do not induce vomiting unless directed to do so by medical personnel. If vomiting occurs, the head should be kept low so that vomit does not enter the lungs. Get medical attention if adverse health effects persist or are severe. Never give anything by mouth to an unconscious person. If unconscious, place in recovery position and get medical attention immediately. Maintain an open airway. Loosen tight clothing such as a collar, tie, belt or waistband.
Skin contact	Flush contaminated skin with plenty of water. Remove contaminated clothing and shoes. Continue to rinse for at least 15 minutes. Get medical attention if adverse health effects persist or are severe. Wash clothing before reuse. Clean shoes thoroughly before reuse.
Eye contact	Get medical attention immediately. Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Continue to rinse for at least 15 minutes. Chemical burns must be treated promptly by a physician.

<b>Fire Fighting Media:</b>
-----------------------------

In case of fire, use water spray (fog), foam, dry chemical or CO <sub>2</sub>
---

<b>Special Requirements:</b>
------------------------------

Store in a cool dry room
--------------------------

**Spillage Procedure:****Personal precautions:**

No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilt material. Avoid breathing vapour or mist. Provide adequate ventilation. Wear appropriate respirator when ventilation is inadequate. Put on appropriate personal protective equipment.

**Environmental precautions and clean-up methods:**

Avoid dispersal of split material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

**Small spill:**

Dilute with plenty of water. Absorb with an inert material and place in an appropriate waste disposal container.

**Large spill:**

Prevent entry into sewers, water courses, basements or confined areas. Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite or diatomaceous earth and place in container for disposal according to local regulations.
