

Good Sense Fresh Room and Fabric Refresher

Description

Non-aerosol spray for elimination of odour in fabrics and furnishings. Incorporates the new "ONT" air neutralising technology for effective malodour neutralisation and long lasting fragrance.

Key properties

- Unique, patented "ONT" air neutralising technology alters malodour molecules
- Fast acting and long lasting freshness
- Effective against a wide variety of odours (tobacco, food, urine etc.)
- Safe on colourfast, washable fabrics/furnishings

Benefits

- Neutralises malodour molecules and therefore enhances the perfume effect
- Quickly leaves rooms and furnishings smelling fresh and clean
- Can be applied as part of normal cleaning routine
- Suitable for use in all areas and on most fabrics/furnishings

Use instructions

Dosage:

Good Sense Fresh is ready to use; use undiluted.

Application:

Spray fabric or surface evenly until damp. Odours are eliminated as fabric dries. Difficult odours may require a second treatment. Amount of product dispensed will affect drying time. Allow treated fabric to dry before use.

Important:

Do not use on silk, leather, non-colourfast or non-washable fabrics. Test colour-fastness and material compatibility in a small inconspicuous place before use. Remove spillage or build up from hard floors, as surface may become slippery.

Technical data

Appearance:	clear, colourless liquid
Relative density [20°C]:	1.00
pH-value:	10.0 – 10.5

The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

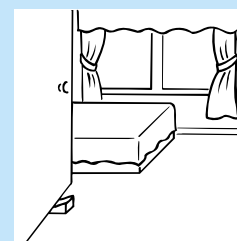

Safe handling:

Full guidance on the handling and disposal of this product is provided in a separate Material Safety Data Sheet.

Only for professional users / specialists.

Storage Information:

O3a

Good Sense Fresh

Store in original closed containers away from extremes of temperature.

Environmental information

The surfactants used in this product are ultimately biodegradable in compliance with the requirement of the EU Detergent Regulation, EC 648/2004.
