Soft Care Sensations conveys an image of quality and exclusivity enhancing the style of any hotel.

Innovation by design Soft Care Sensations Systems

The easy to use dispensing system means the system can be operated by either pushing or squeezing the bottle, providing ease of dispensing to all guests.

Your guests will recognise the well-known brands Dove and Lux from private use, making them feel at home.

The smooth lines and lack of dirt traps makes for easier cleaning by housekeeping personnel. Also to minimise housekeepers time, there is a hidden level indicator that quickly shows when a bottle needs to be exchanged.

The theft proof system allows restocking only by approved personnel and takes just a few seconds.

- ▶ Brands well-known and trusted by your guests, thus enhancing their esteem of your hotel
- ▶ Easy to clean and refill due to hygienic design without any dirt traps
- ▶ Cost savings through excellent cost in use ratio and little cleaning and restocking time
- ▶ Image of an environmentally friendly hotel by minimizing waste through using Soft Care Sensations instead of guest amenities

Customize to match your interior Soft Care Sensations Covers

The Soft Care Sensations system can be upgraded and perfectly tailored to your needs by the simple addition of a bespoke personalized cover which slides over the bottle.

There are countless possibilities for your design and creativity in terms of colours, designs, logos and consumer brands—you just have to choose.

- ▶ Suits your hotel décor with the flexibility to customize—first of its type on the market
- ▶ Sets new standards in the lodging industry when it comes to bathroom interior design
