

Premium Bio Laundry Liquid

Product Usage Guide

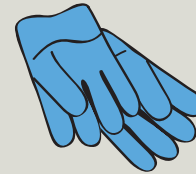

PREMIUM

BP210-10

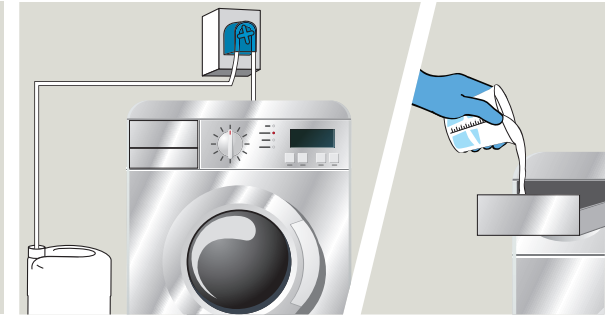

Recommended Dosage

| Soiling | Normal | Heavy |
|---------|--|---|
| |  |  |
| | 8ml per 1Kg | 12ml per 1Kg |

1 Use appropriate PPE as indicated in safety data sheet.

2 Connect to an automatic dosing system. Alternatively pour into main wash dispenser.

3 Select wash program following garments instructions and start.

4 We recommend use of Premium Fabric Softener in the final rinse.

Health & Safety
