Our EU Ecolabel accredited multi-purpose cleaner is a all-in-one cleaner specially developed to be tough on grease, dirt and stubborn soiling. It works brilliantly on all surfaces to leave them clean and shiny and is also safe and effective cleaner for wool and stain resistant nylon carpets, rugs, etc. Scan the QR code below for more info.

benefits

- ✓ for domestic and industrial use
- ✓ easily removes soiling
- ✓ WoolSafe approved
- ✓ effective in all carpet extraction machines
- ✓ no optical brighteners, no oxidising agents
- ✓ safe on paint, aluminium, metal, glass, rubber
- ✓ effective in hot or cold pressure washers and scrubber dryer machines
- ✓ reduced impact on aquatic life
- ✓ reduced use of hazardous substances
- ✓ phosphate and phosphonate free
- ✓ safe in septic tanks if used as directed
- ✓ readily biodegradable
- ✓ not tested on animals

areas of usage

Anywhere general soiling and grease is a problem, such as:

- all hard surfaces including glass and mirrors
- soft furnishing – carpets, rugs, curtains, etc.

dilution ratios

Proper dosage reduces costs and minimises environmental impact: Using this EU Ecolabelled product according to the dosage instructions will contribute to the reduction of water pollution and waste production. Delphis Eco encourage users to reduce waste going to land fill by recycling empty bottles.

General cleaning: dilute 1 part concentrate to up to 50 parts water.
Light cleaning: dilute 1 part concentrate to up to 80 parts water.
Heavy cleaning: dilute 1 part concentrate to up to 10 parts water.

application and directions

Manual cleaning: Apply a small amount to a damp cloth and wipe surface. For heavy cleaning spray directly onto surface, leave to stand and wipe clean. For larger surface areas such as floors, use a mop and bucket. **Machine cleaning:** Dilute up to 1:150 parts water via pressure washer or scrubber dryer machine. Adjust dilution to maximise results. **NB.** For food preparation and storage surfaces rinse with water after cleaning.

Carpet extraction machine cleaning: Dilute 1:50 parts warm water (20ml per litre, max 60°C in the solution tank. Clean carpet according to machine manufacturers recommendations. **Manual carpet cleaning:** Dilute 1:50 parts warm water (15ml per 750ml, max 60°C) into a spray bottle. Apply a small amount to the affected area and wipe with a clean, absorbent cloth. **Always pretest carpet or fabric** for colour fastness and texture change with diluted solution in a small area that does not show. Allow test area to dry before proceeding. If colours bleed or change do not proceed.

safe handling and storage

Full guidance on the handling and safe storage of the product can be obtained from the safety data sheet including first aid measures and health and safety requirements.

technical data (typical values - concentrate)

Appearance:	Colourless liquid
Odour:	Barely perceptible odour
pH-neat:	11.0
Relative density:	1.020
Water solubility:	Soluble
Boiling point:	100°C
Viscosity:	Non-viscous
