Digital Countdown/ Count Up Timer

INSTRUMENT OPERATION - Remove the battery cover and install the battery, the timer will display 00 00 and is ready to use. Press the MIN or SEC to set the desired countdown time. To start the timer press the START/STOP button. The alarm will flash and sound for one minute when the display has reached 00 00 and will continue counting up to show the elapsed time. To stop the timer press the START/STOP button again and the preset value will be displayed. Press MIN and SEC simultaneously to clear the display value to 00 00.

EMC/RFI - Instrument performance may be affected if operated within a high frequency radio field, such as near a mobile phone, or if subjected to an electrostatic shock.

GUARANTEE - This instrument carries a one-year limited warranty against manufacturing defects. Full details at www.etiltd.com/terms.
