

Magic *maxx*

SUPER WETTING CLEANER

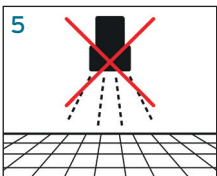

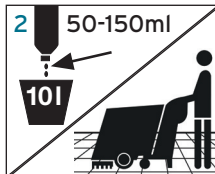

Magic maxx is a super-wetting rinse free concentrated cleaner for manual and machine cleaning. Based on a state of art fine blend of new generation of active ingredients, **Magic maxx** enlarges the maintenance cleaning intervals and offers an outstanding cleaning achievement especially on porous surfaces like unglazed tiles. Unique to **Magic maxx** are the environmental friendly raw material selection, excellent material compatibility and pleasant perfume for increased comfort in use. **Magic maxx** cleans surfaces from grease and dirt thoroughly reducing dirt adhesion build-up in regular use.

Application area: For maintenance and intensive cleaning of all hard water-resistant surfaces in daily office cleaning, retail, industry, public buildings, hospitals, schools, etc. Ideal for glazed and unglazed ceramic tiles in high traffic areas.

- **Clean** - High performance product for multiple application areas, including industry
- **Safe** - Colour coded product with multilingual label for increased user safety
- **Efficient** - Used primarily in low concentration, 0.5%, reduces product consumption

USE INSTRUCTIONS

- 1 Check hygiene plan for and product label detailed use information.
- 2 Prepare the cleaning solution in a bucket or in the scrubber-dryer fresh water tank. Use 50-150ml of **Magic maxx** for 10L of water. Increase concentration for stubborn or persistent dirt.
- 3 Clean the surface intended to be cleaned. For manual floor cleaning we recommend the product in combination with Ecolab rasanTEC mopping system.
- 4 For surface cleaning, use **Magic maxx** cleaning solution in combination with colour coded Polifix microfibre cloths to avoid cross-contamination. Wipe the surface intended to be cleaned.
- 5 No rinsing required. Leave surface to air-dry.

SPECIAL NOTES / INFORMATION

Not for use on soft metals.

Suitable for coated floors at 0,5-1,5%. Test material compatibility in a small inconspicuous area before use.
